This is not your typical Burban! This is a Chevrolet Dealer-Maintained, Attention-Grabbing, 2005 Suburban 1500 LT 4WD. LOADED with just about every option available. She looks incredible and runs strong!

I purchased this Certified GM from Capital Chevy with 26k miles and have had all scheduled and preventative maintenance performed by the dealer. The only minor blemish is a small ding on the passenger side door (barely visible in the vehicle photos). All service records and CarFAX report available. For serious inquiries and to schedule a test drive, please contact me via email or phone.

## **Recent Service/Maintenance:**

- Installed new GM 6-year Battery in Sept. 2010
- Fuel Injector Service in Aug. 2010
- Replaced Engine Accessory Drive Belt and AC Belt in June 2010
